Welcome to Evol. **Fashion**

Specialist Logistics for Fashion & Apparel Supply Chains

The fashion industry moves quickly. Collections change, launch dates are fixed, demand is unpredictable and delivery performance directly impacts sales.

Evol supports fashion brands, garment manufacturers, distributors, retailers and e-commerce businesses with logistics solutions designed around speed, product care, visibility and market requirements.

Our Solutions

- Air, ocean and road freight
- Garments on Hanger – GOH
- Flat-packed garment transport
- Consolidation from multiple suppliers
- Customs clearance and regulatory coordination
- Warehousing and inventory management
- Retail and store distribution
- E-commerce fulfilment
- First- and last-mile delivery
- Returns and reverse logistics
- Time-critical and urgent shipments
- Launch and seasonal campaign support

From production origin to store, warehouse or customer, Evol keeps fashion moving.

Evol.™

Our Approach. Your Advantage.

Speed to Market

Launch dates cannot move. We coordinate transport, customs and delivery around collection launches, seasonal campaigns and retail deadlines.

Garment Care

From hanging garments to boxed collections and premium accessories, we coordinate appropriate transport, storage and handling solutions to help protect product presentation and condition.

Multi-Origin Consolidation

We coordinate collections from different origins, consolidate cargo and manage transportation through one operating structure.

Retail Distribution

From central warehouses to stores and regional distribution, we support retail movements, store replenishment and campaign schedules.

E-Commerce & Returns

We support fulfilment, final-mile delivery and reverse logistics requirements for fashion and lifestyle products.

Visibility & Communication

Clear milestones and proactive operational follow-up help customers maintain better control across suppliers, shipments and delivery schedules.

Flexible Solutions

From routine shipments to time-critical deliveries, we adapt solutions to your fashion calendar and business priorities.

From Collection to Customer.

Evol. Fashion supports the movement of:

Fashion and garments

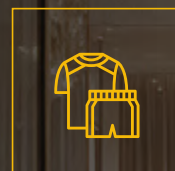

Luxury and premium apparel

Footwear

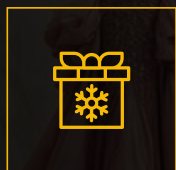

Accessories

Sportswear
